

The Bishop Report Newsletter

Covering the World Connector Industry

This monthly newsletter is the industry's most widely respected source of information on the world's electronic connector industry.

The annual subscription to *The Bishop Report* includes:

- Twelve issues of *The Bishop Report* – typically 25+ pages in length
 - 40-50 Connector Industry News Briefs per year
 - Unlimited number of subscribers
 - Access to *The Bishop Report* website archive portal
 - The Connector Industry Yearbook – a 200-page report on the connector industry
-

The Bishop Report covers the following subjects:

- Analysis of Country and Regional Connector Markets
- Quarterly and Annual Sales and Profit Results
- Forecasts by Region of the World
- Supplier Performance by Region, Product Category, and End-use Markets
- Market and OEM Trends
- Key Industry Benchmarks
- End-use Equipment Analysis by Region of the World
- Connector Industry Forecast and Outlook
- Product Analysis by Region of the World
- Book-to-Bill analysis measuring industry sales and orders to prior periods.
- World Connector Confidence Index (WCCI) measuring industry personnel confidence in business conditions now and in six months.
- Lead Time and Price Index monitors trends in connector prices and calculates the average lead time on new orders in weeks.
